

PROHIBITION OF SALES TO UK RETAIL INVESTORS: The Securities are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the United Kingdom ("UK"). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client, as defined in point (8) of Article 2 of Regulation (EU) No 2017/565 as it forms part of domestic law by virtue of the European Union (Withdrawal) Act 2018 ("EUWA"); (ii) a customer within the meaning of the provisions of the Financial Services and Markets Act 2000, as amended (the "FSMA") and any rules or regulations made under the FSMA to implement Directive (EU) 2016/97, where that customer would not qualify as a professional client, as defined in point (8) of Article 2(1) of Regulation (EU) No 600/2014 as it forms part of domestic law by virtue of the EUWA; or (iii) not a qualified investor as defined in Article 2 of Regulation (EU) 2017/1129 as it forms part of domestic law by virtue of the EUWA. Consequently no key information document required by Regulation (EU) No 1286/2014 as it forms part of domestic law by virtue of the EUWA (the "UK PRIIPs Regulation") for offering or selling the Securities or otherwise making them available to retail investors in the UK has been prepared and therefore offering or selling such Securities or otherwise making them available to any retail investor in the UK may be unlawful under the UK PRIIPs Regulation.

Information being amended

1. **Amendments to the cover pages**

The cover pages in the Securities Document shall be amended as follows:

- (a) by deleting the paragraph under the heading "The Programme Memorandum is not a "prospectus"" on page 2 of the Securities Document in its entirety and replacing it with the following:

"Prospective investors should further take note that the Programme Memorandum does not constitute a "prospectus" for the purposes of Article 8 of Regulation (EU) 2017/1129 (the "**Prospectus Regulation**") or Article 8 of Regulation (EU) 2017/1129 as it forms part of domestic law by virtue of the European Union (Withdrawal) Act 2018 (the "**EUWA**") (the "**UK Prospectus Regulation**") and has been prepared on the basis that no prospectus shall be required under the Prospectus Regulation or the UK Prospectus Regulation, as the case may be, for any Securities to be offered and sold under it. The Programme

Memorandum has not been approved or reviewed by any regulator which is a competent authority under the Prospectus Regulation in the EEA, the United Kingdom or in any other jurisdiction."

- (b) by deleting the heading "No listing on regulated markets in the EEA" and the paragraphs thereunder on page 2 of the Securities Document in their entirety and replacing them with the following:

"Securities issued by CS or CSi under the Programme Memorandum will not be listed on (i) any regulated market in the European Economic Area (the "**EEA**") for the purposes of Directive 2014/65/EU on Markets in Financial Instruments (as may be amended, varied or replaced from time to time) or (ii) on a UK regulated market for the purposes of Regulation (EU) No 600/2014 on markets in financial instruments as it forms part of domestic law by virtue of the EUWA, unless a prospectus is prepared for such purpose pursuant to the Prospectus Regulation or the UK Prospectus Regulation, as the case may be.

Securities issued by CS or CSi under the Programme Memorandum may be listed on non-EEA markets, in compliance with local laws and regulations and the rules of the relevant market or the relevant competent authority."

- (c) by deleting the heading "EU Benchmark Regulation: Article 29(2) Statement on Benchmarks" and the paragraphs thereunder on page 3 of the Securities Document in their entirety and replacing them with the following:

"EU and UK Benchmark Regulation: Article 29(2) Statement on Benchmarks

Amounts payable under the Securities may be calculated by reference to one or more specific indices, rates or price sources or a combination of indices, rates or price sources. Any such index, rate or price source may constitute a benchmark for the purposes of Regulation (EU) 2016/1011 of the European Parliament and of the Council on indices used as benchmarks in financial instruments and financial contracts or to measure the performance of investment funds (the "**EU Benchmark Regulation**") and/or Regulation (EU) No 2016/1011 as it forms part of domestic law by virtue of the European Union (Withdrawal) Act 2018 (the "**EUWA**") (the "**UK Benchmark Regulation**"). In cases where amounts payable under Securities (other than Exempt Securities) are calculated by reference to one or more such indices, rates or price sources, the relevant Pricing Supplement will specify:

- the name of each index, rate or price source so referenced;
- the legal name of the administrator of each such index, rate or price source; and
- whether or not the legal name of the administrator of each such index, rate or price source appears on (i) the register (the "**EU Benchmark Register**") of administrators and benchmarks established and maintained by the European Securities and Markets Authority ("**ESMA**") pursuant to Article 36 of the EU Benchmark Regulation and/or (ii) the register (the "**UK Benchmark Register**") of administrators and benchmarks established and maintained by the Financial Conduct Authority (the "**FCA**") pursuant to Article 36 of the UK Benchmark Regulation, at the date of the relevant Pricing Supplement.

Not every index, rate or price source will fall within the scope of the EU Benchmark Regulation or the UK Benchmark Regulation, as the case may be. Where an index, rate or price source falls within the scope of the EU Benchmark Regulation, the transitional provisions in Article 51 or the provisions of Article 2 of the EU Benchmark Regulation may apply or in the case of the UK Benchmark Regulation, the transitional provisions in Article 51 or the provisions of Article 2 of the UK Benchmark Regulation may apply, such that the administrator of such index, rate or price source is not at the date of the relevant Pricing Supplement required to obtain authorisation/registration (or, in the case of the EU Benchmark Regulation, if located outside the European Union and, in the case of the UK Benchmark Regulation, if located outside of the United Kingdom (the "**UK**"), recognition, endorsement or equivalence). However, in the case of Securities which are not Exempt Securities and where the Underlying Asset is an index provided by the Issuer or an entity belonging to the same group or if the index is provided by a legal entity or a natural person acting in association with or on behalf of the Issuer, the relevant index administrator must be registered in the register maintained by ESMA under Article 36 of the EU Benchmark Regulation or in the register maintained by the FCA under Article 36 of the UK Benchmark Regulation.

The registration status of any administrator under the EU Benchmark Regulation or the UK Benchmark Regulation is a matter of public record and, save where required by applicable law, the Issuer does not intend to update the relevant Pricing Supplement to reflect any change in the registration status of the administrator."

2. Amendment to the section entitled "Important Notices"

The section entitled "Important Notices" in the Securities Document shall be amended as follows:

- (a) by deleting the entire sub-section "Important – EEA and UK Retail Investors" on page 4 of the Securities Document in its entirety and replacing it with the following:

"IMPORTANT – EEA RETAIL INVESTORS

If the Pricing Supplement in respect of any Securities includes a legend entitled "Prohibition of Sales to EEA Retail Investors", the Securities are not intended to be offered, sold or otherwise made available to and may not be offered, sold or otherwise made available to any retail investor in the European Economic Area ("**EEA**"). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU on Markets in Financial Instruments (as may be amended, varied or replaced from time to time) ("**MIFID II**"); (ii) a customer within the meaning of Directive (EU) 2016/97 (as may be amended, varied or replaced from time to time) (the "**Insurance Distribution Directive**"), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or (iii) not a qualified investor as defined in the Prospectus Regulation. Consequently no key information document required by Regulation (EU) No 1286/2014 (as may be amended, varied or replaced from time to time) (the "**PRIIPs Regulation**") for offering or selling the Securities or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling such Securities or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPs Regulation."

- (b) by inserting the following new sub-section "Important – UK Retail Investors" beneath the sub-section "Important – EEA Retail Investors" on page 4 of the Securities Document:

"IMPORTANT – UK RETAIL INVESTORS

If the Pricing Supplement in respect of any Securities includes a legend entitled "Prohibition of Sales to UK Retail Investors", the Securities are not intended to be offered, sold or otherwise made available to and may not be offered, sold or otherwise made available to any retail investor in the UK. For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client, as defined in point (8) of Article 2 of Regulation (EU) No 2017/565 as it forms part of domestic law by virtue of the EUWA; or (ii) a customer within the meaning of the provisions of the Financial Services and Markets Act 2000, as amended (the "**FSMA**") and any rules or regulations made under the FSMA to implement Directive (EU) 2016/97, where that customer would not qualify as a professional client, as defined in point (8) of Article 2(1) of Regulation (EU) No 600/2014 as it forms part of domestic law by virtue of the EUWA; or (iii) not a qualified investor as defined in Article 2 of Regulation (EU) 2017/1129 as it forms part of domestic law by virtue of the EUWA. Consequently no key information document required by Regulation (EU) No 1286/2014 as it forms part of domestic law by virtue of the EUWA (the "**UK PRIIPs Regulation**") for offering or selling the Securities or otherwise making them available to retail investors in the UK has been prepared and therefore offering or selling the Securities or otherwise making them available to any retail investor in the UK may be unlawful under the UK PRIIPs Regulation."

3. Amendment to the section entitled "Risk Factors"

The section entitled "Risk Factors" in the Securities Document shall be amended as follows:

- (a) by deleting the second sentence in the sub-section entitled "Risks in connection with the determination of reference rates" in the section "Risks associated with Reference Rates by reference to which any amount payable under the Securities is determined" on page 43 of the Securities Document in its entirety and replacing it with the following:

"A Reference Rate (i) may be materially modified, (ii) may be permanently or indefinitely discontinued or may cease to exist, or (iii) may not be used in certain ways by an EU supervised entity and/or UK supervised entity, as the case may be, if its administrator does not obtain authorisation or registration (subject to applicable transitional provisions) (see subsection (p) below (*Risks in connection with regulation and reform of "Benchmarks"*))."

- (b) by deleting the first paragraph in the sub-section entitled "Occurrence of Reference Rate Event" in the section "Risks associated with Cash Indices" on page 44 of the Securities Document in its entirety and replacing it with the following:

"The Reference Rate by reference to which the level of the Cash Index is determined (A) may be materially modified, (B) may be permanently or indefinitely discontinued or may cease to exist, or (C) may not be used in certain ways by an EU supervised entity and/or UK supervised entity, as the case may be, if its administrator does not obtain authorisation or registration (subject to applicable transitional provisions)."

- (c) by deleting the sub-section "The Benchmark Regulation" contained in the Risk Factor entitled "Risks in connection with regulation and reform of "Benchmarks"" on pages 60-61 of the Securities Document in its entirety and replacing it with the following:

"The EU and UK Benchmark Regulation

The EU Regulation on indices used as benchmarks in financial instruments and financial contracts or to measure the performance of investment funds (the "**EU Benchmark Regulation**") is a key element of the ongoing regulatory reform in the EU and has applied, subject to certain transitional provisions, since 1 January 2018. In addition to so-called "critical benchmarks" such as the London Interbank Offered Rate ("**LIBOR**") and the Euro Interbank Offered Rate ("**EURIBOR**"), other interest rates, foreign exchange rates, and indices, including equity, commodity and "proprietary" indices or strategies, will in most cases be within scope of the EU Benchmark Regulation as "benchmarks" where they are used to determine the amount payable under, or the value of, certain financial instruments (including Securities listed on an EU regulated market or EU multilateral trading facility ("**MTF**")), and in a number of other circumstances.

The EU Benchmark Regulation applies to the contribution of input data to a benchmark, the administration of a benchmark, and the use of a benchmark in the EU. Amongst other things, the EU Benchmark Regulation requires EU benchmark administrators to be authorised or registered as such and to comply with extensive requirements relating to benchmark administration. It also prohibits certain uses by EU supervised entities of (i) benchmarks provided by EU administrators which are not authorised or registered in accordance with the EU Benchmark Regulation and (ii) benchmarks provided by non-EU administrators where (A) the administrator's regulatory regime has not been determined to be "equivalent" to that of the EU, (B) the administrator has not been recognised in accordance with the EU Benchmark Regulation, and (C) the benchmark has not been endorsed in accordance with the EU Benchmark Regulation.

Regulation (EU) 2016/1011 as it forms part of domestic law by virtue of the European Union (Withdrawal) Act 2018 (the "**UK Benchmark Regulation**") among other things, applies to the provision of benchmarks and the use of a benchmark in the UK. Similarly, it prohibits the use in the UK by UK supervised entities of benchmarks of administrators that are not authorised by the FCA or registered on the FCA register (or, if non-UK based, not deemed equivalent or recognised or endorsed).

The EU Benchmark Regulation and/or the UK Benchmark Regulation, as applicable, could have a material impact on Securities linked to a benchmark. For example:

- (A) if the amount(s) payable under the Securities is determined by reference to one or more Reference Rates and the relevant administrator does not obtain authorisation or registration (subject to applicable transitional provisions), the Issuer may replace such Reference Rate with a replacement rate and determine an adjustment spread to the replacement rate, and make the necessary adjustments to the terms and conditions of the Securities (see risk factor 5(i) (*Risks associated with Reference Rates by reference to which any amount payable under the Securities is determined*)); and
- (B) the methodology or other terms of the benchmark could be changed in order to comply with the requirements of the EU Benchmark Regulation and/or the UK Benchmark Regulation, if applicable, and such changes could reduce or increase the rate or level or affect the volatility of the published rate or level, and could lead to adjustments to the terms of the Securities, including Calculation Agent determination of the rate or level in its discretion."
- (d) by deleting the first paragraph in the sub-section "Risks of Securities with an Issue Price above the market value of the Securities on the issue date/ payment date" contained in the Risk Factor entitled "Risks in connection with the purchase, holding and selling of Securities (Risk Category 6)" on page 64 of the Securities Document in its entirety and replacing it with the following:

"The Issue Price in respect of any Securities specified in the relevant Pricing Supplement may be more than the market value of such Securities as at the Issue Date, and more than the price, if any, at which the Dealer, Credit Suisse Bank (Europe), S.A. (either on its own or as an intermediary between the Dealer and any distributor specified as such in the relevant Pricing Supplement) ("**CSEB**") or any other person is willing to purchase such Securities in secondary market transactions."

- (e) by deleting the second paragraph in the sub-section "Risks in connection with conflicts of interest between the Issuer and holders of Securities and the entities involved in the offer or listing of the Securities" contained in the Risk Factor entitled "Risks in connection with the purchase, holding and selling of Securities (Risk Category 6)" on page 64 of the Securities Document in its entirety and replacing it with the following:

"Each of the Issuer, the Dealer, CSEB or any of their respective affiliates may have existing or future business relationships with each other (including, but not limited to, lending, depository, derivative

counterparty, risk management, advisory and banking relationships), and when acting in such other capacities the Issuer, the Dealer, CSEB or any of their respective affiliates may pursue actions and take steps that it deems necessary or appropriate to protect its interests arising therefrom without regard to the consequences for any particular Securityholder."

For example, a Reference Rate (a) may be materially modified, (b) may be permanently or indefinitely discontinued or may cease to exist, or (c) may not be used in certain ways by an EU supervised entity and/or UK supervised entity, as the case may be, if its administrator does not obtain authorisation or registration (subject to applicable transitional provisions) (each of the events described in (b) and (c) above, called a "Reference Rate Event"). In the case of a material modification to a Reference Rate, no changes will be made to the Securities."

INDEX DESCRIPTION AND RISK DISCLOSURE

Below are

INDEX DESCRIPTION

The Swedish Small Cap Fund 20% ER Index (the "**Index**") is a rules-based index that measures the rate of return of a Credit Suisse International proprietary strategy (the "**Strategy**") which aims to provide an indirect exposure to equities through a notional exposure to a mutual fund. The Strategy offers:

- A notional exposure to 1 mutual fund (whose underlying investment strategy is intended to give its respective investors exposure to equity underlyings) through exposure to the Base Index. For more details see section: Assets Included in the Index and Base Index.
- A volatility control mechanism that adjusts the exposure between the Base Index and a notional cash deposit. For more detail see section: Volatility Control Methodology.
-

The Index is constructed on "notional" investments and described as a "synthetic portfolio" as there is no actual asset held in respect of the Index. The Index simply reflects a trading strategy, calculated using the value of assumed investments in each of the relevant components.

The Index, and by extension, the Base Index, measures the rate of return of a hypothetical portfolio consisting of long positions in the Base Index Component, as specified in "Table 1: Base Index Component". Long positions refer to the practice of buying an asset with the intention of subsequently selling it at a later stage.

The Index can include "leveraged" exposure to the asset classes. Leverage refers to the practice of using financial derivatives or debt to amplify returns, by allocating more than 100% of the Index to the asset classes. The Volatility Control Weight (as defined below) of the Base Index is capped at 150% (see Section: Volatility Control Methodology below).

The Index is constructed as an "**Excess Return**" asset. Excess Return means that the level of the Index is determined net of the cost of funding and/or borrowing a hypothetical investor would incur investing in the notional assets that make up the Index.

The Index implements a mechanism of risk control based on its "volatility". Volatility is a measure of the variation of the level/ price of an asset over time, as further described in Section: Volatility Control Methodology.

Main roles

Credit Suisse International is the sponsor of the Index (the "**Index Sponsor**"). The Index Sponsor also acts as the administrator (the "**Index Administrator**") of the Index for the purposes of Regulation (EU) 2016/1011 of the European Parliament and of the Council of 8 June 2016 on indices used as benchmarks in financial instruments and financial contracts or to measure the performance of investment funds (the "**BMR**") or any successor or additional benchmarks legislation or regulation applicable in the United Kingdom. The Index Sponsor makes various determinations in accordance with the Index Rules. Representatives of the Index Sponsor comprise the Index Committee.

The Index Administrator may make any change or modification to the Index and/or the Index Rules which may be necessary or desirable for the purposes of ensuring compliance by the Index Administrator with its obligations under the BMR and any successor or additional benchmarks legislation or regulation applicable in the United Kingdom.

Credit Suisse International, acting through its Risk Department is the calculation agent for the Index (the "**Index Calculation Agent**"). The Risk Department is segregated from the sales, trading, structuring and other front office businesses of Credit Suisse International. The Index Calculation Agent will, in accordance with the Index Rules, calculate and publish the value of the Index (the "**Index Value**")

in respect of each day on which the Index is scheduled to be published (each an “**Index Calculation Day**”).

All calculations, determinations and exercises of discretion made by the Index Sponsor or the Index Calculation Agent will be made in good faith and in a commercially reasonable manner and (where there is a corresponding applicable regulatory obligation) shall take into account whether fair treatment is achieved by any such calculation, determination and exercise of discretion in accordance with its applicable regulatory obligations.

Assets Included in the Index

The Index measures the rate of return of a hypothetical portfolio consisting of a notional investment to the Base Index (the “**Index Component**”) and an amount held in cash (the “**Cash Component**”) in respect of any amounts not invested in the Base Index. The Base Index measures the performance of a notional investment in a synthetic portfolio consisting of 1 asset (each a “**Base Index Component**”) as specified in Table 1: Base Index Component and an amount in the Cash Component.

Index Methodology

Index

The Index measures the rate of return of a hypothetical portfolio consisting of:

- A notional investment to the Base Index, as described in Section: Base Index;
- A notional investment in the Cash Component in respect of any amounts not invested in the Base Index.

The allocation mechanism between the Base Index and the Cash Component is further described in Section: Volatility Control Methodology.

The Index is denominated in SEK (the “**Base Currency**”) and is calculated net of 2.50% per annum Index Fee. Apart from the Index Fee described above, the Index does not incorporate any additional transaction costs or access costs that will be deducted from the Index Value.

The Index does not incorporate any transaction costs.

The Index is constructed as an Excess Return Index.

Base Index

The Base Index measures the total rate of return of a notional investment in a synthetic portfolio consisting of the Base Index Component which is a mutual fund.

The effective weight of the Base Index Component (the “**Weight**”) will be initially set to the Initial Weight as specified in Table 2: Base Index Component Initial Weight and Costs, under the column entitled

“Initial Weight”. Such Weights determine the notional exposure of the Base Index to the Base Index Component.

The Base Index is denominated in SEK (the **“Base Currency”**).

The Base Index does not incorporate any access costs or transaction costs.

Access costs are defined as the access cost for the Base Index Component, specified in Table 2: Base Index Component Weight and Costs, under the column entitled **“Holding Fee”**;

The Base Index performance will take into account synthetic reinvestment of dividends for mutual funds net of 0.00% of withholding tax as specified in the Index Rules.

The Base Index is constructed as an Excess Return asset. With respect to any Base Index Component defined as Total Return, as specified in Table 1: Base Index Component, under the column entitled **“Return Type”**, the relevant funding cost, being the aggregate of the Funding Rate and the Funding Spread in the relevant currency, as specified in Table 3: Funding Rate, under the columns entitled **“Funding Rate”** and **“Funding Spread”**, (each a **“Funding Component”**, and together the **“Funding Components”**) will be deducted from the Base Index Component return to derive the return of such Base Index Component.

Table 3: Funding Rate

Currency	Funding Rate	Funding Basis	Funding Spread
SEK	The rate for deposits of three months in SEK as displayed on Reuters page “STIBOR=”	360	0.00%

Volatility Control Methodology

The Index targets a volatility level below/at or around 20% (the **“Volatility Control”**) by allocating its exposure to the Base Index, based on the realised volatility (the **“Realised Volatility”**) of the Base Index (calculated as the Realised Volatility over the preceding 20 Index Calculation Days). The target volatility controlled weight assigned to the Base Index (the **“Target Volatility Control Weight”**) on any Index Calculation Day is equal to the ratio of the Volatility Control to the Realised Volatility of the Base Index calculated in respect of the Index Calculation Day falling 2 Index Calculation Days prior to such day. Realised volatility is calculated formulaically with reference to the magnitude of daily movements (in either direction) for the Base Index. For example, the Base Index would have a higher realized volatility if its level moved by 2% each day than if its level only moved by 0.50% each day. The weight assigned to the Base Index on any Index Calculation Day is equal to the Target Volatility Control Weight capped at 150%.

INDEX DISCLAIMER

This disclaimer extends to Credit Suisse International (“**CS**”), its affiliates or designates in any of its capacities. CS is the sponsor of the Index (the “Index Sponsor”). The Index Sponsor also acts as the administrator (the “**Index Administrator**”) of the Index for the purposes of Regulation (EU) 2016/1011 of the European Parliament and of the Council of 8 June 2016 on indices used as benchmarks in financial instruments and financial contracts or to measure the performance of investment funds (the “**BMR**”) or any successor or additional benchmarks legislation or regulation applicable in the United Kingdom. The Index Rules and the Index Description are published by CS or its affiliates. CS is authorised by the Prudential Regulation Authority (“**PRA**”) and regulated by the Financial Conduct Authority (“**FCA**”) and the PRA. Notwithstanding that CS is so regulated, the rules of neither the FCA nor the PRA are incorporated into this document.

The Index Administrator and Index Calculation Agent are part of the same group. CS or its affiliates may also offer securities or other financial products (“Investment Products”) the return of which is linked to the performance of the Index. CS or its affiliates may, therefore, in each of its capacities face a conflict in its obligations carrying out such role with investors in the Investment Products.

In addition, the Index Rules and the Index Description are not to be used or considered as an offer or solicitation to buy or subscribe for such Investment Products nor are they to be considered to be or to contain any advice or a recommendation with respect to such products. Before making an investment decision in relation to such products one should refer to the prospectus or other disclosure document relating to such products.

The Index Rules and the Index Description are published for information purposes only and CS and its affiliates

expressly disclaim (to the fullest extent permitted by applicable law and regulation except for where loss caused by the Fault of CS or its affiliates) all warranties (express, statutory or implied) regarding this document and the Index, including but not limited to all warranties of merchantability, fitness for a particular purpose of use and all warranties arising from course of performance, course of dealing or usage of trade and their equivalents under applicable laws of any jurisdiction unless losses result from the breach of such warranties where such losses are caused by the Fault of CS or its affiliates. “Fault” means negligence, fraud or wilful default.

CS is described as Index Administrator, Index Sponsor and Index Calculation Agent under the Index Rules.

CS may transfer or delegate to another entity, at its discretion and in compliance with applicable law and regulation, some or all of the functions and calculations associated with the role of Index Administrator, Index Sponsor and Index Calculation Agent respectively under the Index Rules.

CS as Index Administrator is the final authority on the Index and the interpretation and application of the Index Rules.

CS as Index Sponsor may in accordance with the conditions and other terms specified in the Index Rules and in compliance with applicable law and regulation, supplement, amend (in whole or in part), revise or withdraw the Index Rules at any time. The Index Rules may change without prior notice. Such a supplement, amendment, revision or withdrawal may lead to a change in the way an Index is calculated or constructed and may affect the Index in other ways.

CS will apply the Rules in its discretion acting in good faith and a commercially reasonable manner and (where there is a corresponding applicable regulatory obligation) shall act independently and honestly in its capacity as the Index Administrator and take into account whether fair treatment is achieved by any such exercise of discretion in accordance with its applicable regulatory obligations, and in doing so may rely upon other sources of market information.

Neither CS as Index Sponsor nor CS as Index Administrator nor CS as Index Calculation Agent warrants or guarantees the accuracy or timeliness of calculations of Index values or the availability of an Index value on any particular date or at any particular time.

The Index relies on data from external data providers and data sources which have been selected and pre-defined by CS as Index Sponsor and the relevant selection criteria and pre-defined data providers and data sources are stored in an internal database maintained by the CS. CS as Index Sponsor may change the data providers and the data sources from time to time in accordance with its internal governance procedures provided that any new data provider or data source meets its requirements. While CS as Index Sponsor intends to use well established and reputable data providers, there is a risk that this data may be inaccurate, delayed or not up to date. There is also a risk that while the data is accurate, the data feed to CS is impaired. Such impairment to either the data or the data feed could affect the performance or continued operability of the Index.

Neither CS nor any of its affiliates (including their respective officers, employees and delegates) shall be under any liability to any party on account of any loss suffered by such party (however such loss may have been incurred) in connection with anything done, determined, interpreted, amended or selected (or omitted to be done, determined or selected) by it in connection with the Index and the Index Rules, unless such loss is caused by CS or any of its affiliates' Fault. Without prejudice to the generality of the foregoing and unless caused by CS or any of its affiliates' Fault, neither CS nor any of its affiliates shall be liable for any loss suffered by any party as a result of any determination, calculation, interpretation, amendment or selection it makes (or fails to make) in relation to the construction or the valuation of the Index and the application of the Index Rules and, once made, neither CS nor any of its affiliates shall be under any obligation to revise any calculation, determination, amendment, interpretation and selection made by it for any reason. Neither CS nor any of its affiliates makes any warranty or representation whatsoever, express or implied, as to the results to be obtained from the use of the Index, or as to the performance and/or the value thereof at any time (past, present or future).

The strategy underlying the Index (the "**Index Strategy**") is a proprietary strategy of the Index Administrator. The Index Strategy is subject to change at any time by the Index Administrator or otherwise as required by applicable law and regulations. Neither CS nor its affiliates shall be under any liability to any party on account of any loss suffered by such party, unless such loss is caused by CS or any of its affiliates' Fault in connection with any change in any such strategy, or determination or omission in respect of such strategy.

Neither CS nor any of its affiliates is under any obligation to monitor whether or not an Index Disruption Event has occurred and shall not be liable for any losses unless caused by CS or any of its affiliates' Fault resulting from (i) any determination that an Index Disruption Event has occurred or has not occurred, (ii) the timing relating to the determination that an Index Disruption Event has occurred or (iii) any actions taken or not taken by CS or any of its affiliates as a result of such determination.

Unless otherwise specified, CS shall make all calculations, determinations, amendments, interpretations and selections in respect of the Index. Neither CS nor any of its affiliates (including their respective officers, employees and delegates) shall have any responsibility for good faith errors or omissions in its calculations, determinations, amendments, interpretations and selections as provided in the Rules unless caused by CS or any of its affiliates' Fault. The calculations, determinations, amendments, interpretations and selections of CS shall be made by it in accordance with the Index Rules, acting in good faith and in a commercially reasonable manner and (where there is a corresponding applicable regulatory obligation) shall take into account whether fair treatment is achieved by any such calculation, determination, amendment, interpretation and selections in accordance with its applicable regulatory obligations (having regard in each case to the criteria stipulated herein and (where relevant) on the basis of information provided to or obtained by employees or officers of CS responsible for making the relevant calculations, determinations, amendments, interpretations and selections). For the avoidance of doubt, any calculations or determinations made by CS under the Index Rules on an estimated basis may not be revised following the making of such calculation or determination.

No person may reproduce or disseminate the Index Rules, any Index Value and any other information contained in this document without the prior written consent of CS or its affiliates. The Index Rules are not intended for distribution to, or use by any person in a jurisdiction where such distribution or use is prohibited by law or regulation. No one other than CS or its affiliates is permitted to use the Index Rules or any Index Value in connection with the writing, trading, marketing, or promotion of any financial instruments or products or to create any indices.

CS does not seek to exclude or restrict any duty or liability it may have to a client under the regulatory system (as defined in the FCA Handbook) and these disclaimers should be construed accordingly. These disclaimers are subject to mandatory provisions of applicable law and regulation which apply to the Index Administrator or (where CS is the Index Calculation Agent) the Index Calculation Agent and nothing in these disclaimers shall exclude or restrict liability to a client to the extent such exclusion or restriction is not permitted by such law or regulation. Save for the foregoing these disclaimers shall apply to the fullest extent permitted by applicable law and regulation.

The Index Administrator may make any change or modification to the Index and/or the Index Rules which may be necessary or desirable for the purposes of ensuring compliance by the Index Administrator with its obligations under the BMR and any successor or additional benchmarks legislation or regulation applicable in the United Kingdom.

The Index Rules and any non-contractual obligations arising out of or in connection with the Index Rules shall be governed by and construed in accordance with English law.
